T-Rain PU Raincoat

Enjoy The Rain.

Our Story

Established in 1996, Trans İş Güvenlik is a leading manufacturer of raincoats based in Turkey. Originally established as a personal protective equipment manufacturer, the company has since shifted its focus to providing top-notch rain protection solutions. With a 5,000 square meter facility and a dedicated team of professionals committed to understanding and meeting customer needs, the company is continuously innovating and improving its products.

As a family-run business, Trans İş Güvenlik is driven by a passion for providing the highest level of protection and customer satisfaction. This commitment has led to the company's growth and export success, and the launch of the T-Rain brand in 2021, with the goal of promoting the company and its products globally.

T-Rain raincoats are designed with the highest-quality materials and manufacturing techniques to provide ultimate protection, style, and comfort in any wet weather conditions. Whether for work or daily activity, T-Rain raincoats are made to keep you dry and comfortable in any weather. The vision of Trans İş Güvenlik is to continuously improve and make every rain drop count.
